Forecast for Friday 12 Mar 2021

Weather: Frequent snow showers over most of the region, some heavy especially to the west of the A9 where the odd lightning strike can't be ruled out. Blizzard conditions due to the strong winds and sub-zero temperatures. Fewest showers and best of the sunshine around Strathdon and the Lecht.

Chance of cloud free mountain/hill tops above 800m: 60% - but varying markedly as showers move through. Nearer 30% over western summits.

Visibility: Good away from showers but rapid deteriorations to poor or very poor in showers, with cloud descending to 700m at times in the west.
